

Desktop Computer Power Cord, NEMA 5-15P to C13, 5-Pack - 10A, 125V, 18 AWG, 2 ft., Black

MODEL NUMBER: P030-002-5

Computer power cables connect your server, switch, router and other devices to a surge protector, PDU or UPS system with 5-15R outlets.

Features

Desktop Computer Power Cords Connect Essential Network Equipment

This computer power supply cable is designed for keeping mission-critical network equipment operating at all times. You can use it to connect a computer, monitor, printer, server, switch, router or other device with a C14 power inlet to an AC wall outlet, surge protector, UPS system or PDU. The two-foot length helps reduce cable clutter and minimize the risk of tripping. Five power supply cables are included.

Highlights

- Recommended for powering servers, switches, routers and other network devices
- 2 ft. length allows flexibility in placing devices, while avoiding cable clutter
- Ideal replacements for worn-out or missing NEMA 5-15P to C13 power cables

Applications

- Connect devices like servers, switches and routers to a PDU in your data center
- Extend existing power connections up to 2 ft. to more easily place devices or reach a power source
- Provide high-quality replacements for worn-out or missing power cords

Package Includes

- P030-002-5 Desktop Computer Power Cord, NEMA 5-15P to C13, 5-Pack, 2 ft., Black

Specifications

OVERVIEW	
UPC Code	037332143280
